WELCOME

Throughout history, Bucks County has served as a stage upon which some of the nation's most dramatic changes have played out. George Washington's Christmas Crossing, reenacted each year on the Delaware River, changed the tide of the Revolutionary War. Ever since, Bucks County has played a pivotal role in American history and the very fabric of our culture. This legacy of change is balanced by the area's timeless appeal as a getaway from the hustle and bustle of daily life.

Today, change continues to shape Bucks County, in ways great and small. Proving that the allure of this area is strong even during challenging times, we are seeing signs that tourism is already on the rebound. Bucks County, working with its partners in the Philadelphia region, is helping to drive an economic impact estimated at \$763 million with 11,443 jobs supported in the hospitality industry. Helping to stimulate this turnaround is the arrival of table games at Parx Casino sparking new awareness of Bucks County as a destination for entertainment and nightlife.

Revolutionary changes in communication are opening exciting new realms of possibility for the way we share Bucks County's treasures with the world. We have become a trail blazer in social media, being among the first destinations to engage communities through Facebook, Twitter, Foursquare and Foodspotting as well as iPhone and Blackberry applications.

Against this backdrop of change, Bucks County continues to live up to its centuries' old reputation as an unforgettable getaway from metropolis, inspiring our new campaign "Unforgetaway®." Now more than ever, business and leisure travelers alike are drawn to Bucks County as an escape from the urban frenzy. In fact, we recently captured the attention of Shermans Travel, which selected us as one of their *Top 10 Quick Summer Getaways in 2010*.

On behalf of Bucks County, I invite you to enjoy this guide, continue your exploration at VisitBucksCounty.com, and experience the many sides of this amazing place we call home.

Yours truly,

“A visit to Bucks County is a venture to Americana; a true escape from the stress and pressures of everyday life. I’m proud to have been raised in Bucks – and the best part is, when you tell people that, they give you a little smile as if to say, *‘Wow, that must have been nice.’*”

Whether you're looking to escape the urban rat race or simply explore a new destination, Bucks County provides a year-round playground for every kind of traveler. Enjoy breathtaking foliage in the fall, stunning blooms in the spring, holiday celebrations in the winter and outdoor fun in the summer.

SPRING

As temperatures begin to warm and signs of spring emerge, Bucks County starts to show off its rugged, outdoorsy side. Hike, bike and fish at **Tyler State Park** or pack a lunch and picnic along the **Neshaminy Creek**. Tour the 134 acres of **Bowman's Hill Wildflower Preserve** to enjoy beautiful botanical gardens and 2 ½ miles of walking trails. Pack your binoculars...this site is a popular spot for birdwatching. Experience world-class wines at the ten unique vineyards that make up **Bucks County Wine Country**. From small country barns to dramatic castles, there's a vineyard and a wine to please any palate.

SUMMER

When the mercury soars, Bucks County's waterways beckon. **Bucks County River Country** and **Delaware River Tubing** offer tubing, canoeing or kayaking trips down the Delaware River. Or hop on The River Otter, a 52-foot pontoon boat operated by **Bucks County Riverboat Company**, and take a relaxing sunset cruise down the river complete with food and beverages. Re-live your childhood memories or create new ones with your family at **Sesame Place** and its water park, the only children's amusement park based on the award-winning television show, Sesame Street.

FALL

Fall in love with Bucks County as summer turns to autumn and the landscape changes before your eyes. One way to take in all the colorful fall foliage is to hop in your car and drive the scenic **River Road/Route 32** along the banks of the Delaware River, stopping in the many shops and restaurants along the way. Take a self-guided tour of Bucks County's 12 remaining **covered bridges** with the help of the Bucks County Covered Bridge Driving Tour Map. To see Bucks County's fall colors from the air, take a hot air balloon ride with the **U.S. Hot Air Balloon Team**. Then, as the holidays approach, step into a shopper's paradise at **Peddler's Village**, featuring 70 specialty shops and six restaurants. Follow the winding brick pathways to discover a unique shopping and dining experience.

WINTER

The magic of the holidays lasts all winter long in Bucks County. Visit the **Christmas Museum at Byers' Choice** and stroll through Charles Dickens' London, complete with cobblestone walkways and old-fashioned storefronts. You can even peer into the Byers' workshop to watch skilled artisans create America's beloved Carolers® and Kindles® figurines. Kids and adults alike will be captivated by millions of lights illuminating the night sky at the **Shady Brook Farm Holiday Light Show**. And in a holiday tradition unlike any other, thousands gather every year on Dec. 25 to watch the reenactment of George Washington and his troops crossing the Delaware River on Christmas night at **Washington Crossing Historic Park**.

Living History in Bucks County

History books come to life in Bucks County. Many historic buildings still stand today throughout Bucks County's 607 sq. acres, including iconic bed and breakfasts and distinguished mansions on the Delaware River.

Bucks County was founded in 1682 and is named after William Penn's hometown of Buckinghamshire, England. **Pennsbury Manor** is the recreation of Penn's 17th Century colonial homestead. Experience the history of that time first-hand at this stunning country manor home set on 43 acres.

Bucks County is best known for one of the nation's defining moments captured so vividly in Emanuel Leutze's painting, *Washington Crossing the Delaware*, a depiction of General George Washington and his troops crossing the Delaware River on Christmas night in 1776. Each year on Dec. 25, this famous event is reenacted to commemorate the turning point of the American Revolution. Against the beautiful backdrop of **Washington Crossing Historic Park** and its 13 historic buildings that were occupied by General Washington and his troops during the Revolutionary War, this reenactment captures the imagination of history buffs and children alike.

From the casual weekend walker to the most ambitious adventurer, outdoor enthusiasts come from all over to answer the call of the wild in Bucks County.

Take your fitness routine to the next level by stepping off the treadmill and into the great wide open. No matter where you stay in Bucks County, you won't be far from a scenic trail or park where you can recharge your body, mind and spirit. Designated as a National Historic Landmark, **Delaware Canal State Park** is ideal for joggers, cyclists and cross-country skiers. The park features a 60-mile towpath that will take you along the Delaware River and through Bucks County's beautiful riverfront towns. Can your treadmill do that?

For something out of the ordinary, grab a few hammers, gather the kids and head to **Ringing Rocks Park**. Located in Upper Black Eddy, you'll discover nearly eight

acres of boulder fields waiting to reveal their secret. Get the "band" together and start hammering the rocks until you find ones that ring like bells. Rock on! While you're in the park, don't miss a hike to see the largest waterfall in Bucks County.

If you like a side of education with your outdoor adventure, head to **Bowman's Hill Wildflower Preserve, Bowman's Tower, Bucks County Audubon Society, Churchville Nature Center** or **Washington Crossing Historic Park**.

Whether you want to escape deep into the woods, walk off the beaten path, enjoy an outdoor oasis near a town center, or explore in a historic setting, there's an outdoor adventure with your name on it. AWARD-WINNING WINES ... HEART-WINNING WINERIES

Beyond the Vine in Bucks County Wine Country

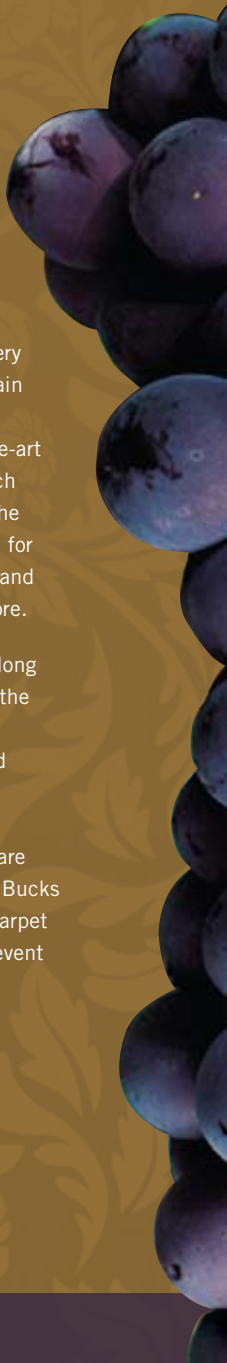

Discover bucolic rolling fields, historic manor homes, award-winning wines and celebrated vineyards ... all in the heart of Bucks County. Gather a group of friends or steal away with your sweetheart to discover 10 distinct vineyards and wineries with personality on a tour of Bucks County Wine Country.

Bucks County boasts more wineries than any other county in Pennsylvania, all located within a short drive of each other. Whether you're a seasoned connoisseur or a taster in training, the relaxed, sophisticated atmosphere of these wineries and their breathtaking surroundings will have you planning your return visit before you've finished your first glass.

The proximity of the wineries to each other means you can plan a full-day or half-day tour without wasting precious tasting time in the car. Whether you embark on a self-guided tour or enlist the expertise of one of Bucks County's premier wine tour companies, you'll discover just what makes this area so desirable for vintners as the landscape changes before your eyes during your journey.

Like the wines they produce, each winery has a distinct personality. Some maintain traditional "Old World" methods and aesthetics, while others use state-of-the-art technology and a more modern approach to wine making. Throughout the year, the vineyards serve as a stunning backdrop for concerts, music festivals, wine-tasting and art events, harvest celebrations and more.

No matter how many stops you make along the tour, one thing remains constant – the unparalleled warmth and hospitality of their owners. Each is exceedingly proud of their craft, so if you want a personal behind-the-scenes tour, you won't have to ask twice. And if, like so many, you are captivated by the romance of the vine, Bucks County's wineries will roll out the red carpet for your wedding, celebration, special event ... or even a girls' night out.

DOWN ON THE FARM, FRESH TO YOUR TABLE.

Bucks County's Booming Locally Grown Scene

The Farm to Table movement is more than a catchy buzz phrase on a menu. Bucks County's rich agricultural history means locally grown, locally sourced food is the norm rather than the exception.

Restaurants like **Earl's Bucks County**, along with many others, work hand-in-hand with local growers to create unique menu items that showcase Bucks County's bounty. You don't have to be a locavore to appreciate the superior flavors of locally grown ingredients, but eating at restaurants like Earl's might make you think about becoming one. This unique culinary experience wouldn't be possible without Bucks County's network of farms and farmers' markets.

Throughout the year, you can find markets selling fresh in-season produce and locally made gourmet foods. Together, they tell a story about the resilience of the farming industry and the importance of supporting the locally grown movement. Individually, their histories and offerings are as varied as they come.

Maximuck's Farm Market began in 1999 when Matthew Maximuck started selling his own birdfeed. Since then it has grown into a thriving market selling flowers, local bakery goods, fresh produce, Pennsylvania Christmas trees and more.

Rice's Sale and Country Market is Bucks County's largest and oldest market, founded in 1860. Whatever you're looking for, you can probably find it at Rice's, from Amish baked goods to organic zucchini.

Peace Valley Lavender Farm has more than 3,000 English lavender and lavandin plants blooming

on their hillside that they use to make homemade bath and body products, honeys, culinary herbs, dried floral arrangements and scented sachets and pillows.

Quakertown Farmers Market and Flea Market dates back to 1932 and offers more than 150 unique farmers' market departments in addition to hundreds of indoor and outdoor flea market vendors.

Bristol Amish Market presents a dizzying array of freshly prepared food items, from choice meats and cheeses, to oven-hot baked goods. The space also showcases handmade Amish furniture and crafts.

Shady Brook Farm was founded by T. Herman Fleming in 1913 and sold radishes, celery, spinach and beets. Today, Shady Brook Farm is being run by the fourth generation of Fleming's and offers a wide array of organic produce, all grown no further than 10 miles away from the farm.

Snipes Farm and Education Center is currently run by the 11th generation of the Snipes family and offers a wide variety of pick-your-own produce throughout the year.

The Market by Shady Brook Farm at Delaware Valley College offers farm-grown and locally grown produce, gourmet food items, cheeses, baked goods and breads, homemade ice cream and more.

Taste by Sand Castle Winery is a unique store concept that sells locally made chocolates and biscotti to complement the vineyard's locally made wine.

NOTES:

MEETINGS: BUCKS COUNTY STYLE

Tucked conveniently within Philadelphia's Countryside, Bucks County is located amidst trendy main-street towns, working farms and picturesque landscapes. Bucks County maintains its signature charm and natural beauty, while offering an affordable alternative to an urban setting for small to mid-size meetings.

From chic ballrooms and world-class vineyards to riverboats and historic castles, Bucks County features unique accommodations and meeting venues like no other in the region. Contemporary hotels and quaint bed & breakfasts comprise the more than 4,500 sleeping rooms available in Bucks County.

Traditionally known as an "Inn Destination," Bucks County offers quaint meeting space at bed & breakfasts ranging from luxury upscale to rustic country to meet every budget and need. **The Inn at Bowman's Hill** offers lush accommodations and meeting space quietly located only two and a half miles from the vibrant downtown of New Hope. An impressive fully-equipped boardroom welcomes small groups, and in-suite massages are available to guests to ensure stress-free nights. **Bridgeton House** on the Delaware is a 12-room bed & breakfast beautifully situated on the banks of the Delaware River. Specializing in corporate retreats and business meetings, this sophisticated inn offers a Penthouse for up to 25 people and the Boathouse for a more intimate space with a view.

Find convenience in one of our many contemporary and affordable hotels such as the recently converted **Crowne Plaza Hotel Bucks County** offering exquisite settings, distinguished décor, flexible layouts, innovative catering and event planning for your small to mid-size meeting up to 300 people. Boasting five meeting rooms covering more than 5,500 sq. feet, this 214 room hotel also offers the onsite **Brady's American Pub**. Directly located off the Pennsylvania Turnpike and I-95, it is conveniently located near many sites and attractions.

Directly across from **Sesame Place**, the nation's only theme park solely based on the television show Sesame Street, is where the **Sheraton Bucks County** hotel resides. This newly renovated 186-room full-service hotel boasts a heated indoor

pool, a Club Level with upgraded amenities, indoor tennis and massage treatments. With a total of 12,000 sq. feet of casually elegant meeting space and beautifully manicured outdoor gathering spots, the hotel can accommodate events of all types and sizes, from wedding receptions to productive business retreats. The Plaza Ballroom has recently been renovated to reflect the charm and grace of historic Bucks County, accommodating up to 320 people for a formal dinner with dancing and 300 people in a classroom setting.

The Radisson Hotel Philadelphia NE offers a prime location accommodating up to 600 people for your next banquet or conference. After a long day of meetings, guests can relax in their heated indoor/outdoor pool or take comfort in one of their 274 rooms or suites. Nineteen meeting rooms totaling 20,000 sq. feet offer an extensive audio/visual menu and catering to suit all tastes and budgets.

Plans are currently underway on the \$13.2 million expansion of the **James A. Michener Art Museum** set to debut in 2011. The internationally recognized Philadelphia-based firm Kieran Timberlake has been selected to design The Edgar Putman Event Center, a 2,700 sq. foot space for concerts, lectures and exhibition openings, as well as corporate events and weddings. The patio area of the Patricia D. Pfundt Sculpture Garden will be covered with glass, creating a premier indoor event space. Plans also include the renovation of the Museum's Ann and Herman Silverman Pavilion into an education complex with two classrooms, a larger museum shop and café and a dedicated children's gallery.

The historic **Mercer Museum** is on schedule to open its 13,000 sq. foot expansion in Spring 2011. The expansion will include a 3,500 sq. foot climate-controlled, state-of-the-art Exhibition Gallery making the museum one of the few venues in the area able to host traveling exhibitions and collections from a wide variety of sources, such as the Smithsonian. The additional space will also feature a 1,000 sq. foot multi-flex learning center to accommodate school programs, family workshops and adult classes.

Perfect for tradeshow, team building and special events, **The Bucks County Conference & Expo Center at The Sportsplex** has all the necessary on-site amenities to host your

meeting. Located in Lower Bucks County, The 14,000 sq. foot Sportsplex is situated on 16.5 acres featuring tennis courts, miniature golf and swimming pools.

Nestled above the Unami Creek in bucolic Bucks County sits the newest vineyard to our family of wineries, **Unami Ridge Winery**. Owners Jim and Kathy Jenks have created a small family run winery specializing in European style white wines and finely crafted reds. What was a “hobby gone amok” has become a passion. The first vines were planted by hand in 2005 and the tasting room opened Memorial Day weekend 2010. Combined, the ten Bucks County wineries encompass hundreds of acres of vineyards through which visitors can enjoy a leisurely stroll, beautiful views and fresh air scented with the bounty of grapes. The gentle rolling hills and moderate climate combine to make Bucks County one of the premier grape growing regions of the east coast. Many of the wineries offer unique meeting and event space, such as a grand castle or a rustic barn.

From 20 to 250 people, a charming 18th-century style shopping village set on 42 acres of landscaped gardens is sure to provide a memorable experience for your next meeting or private event.

Peddler’s Village has built a solid reputation offering personalized service and superior attention to detail along with a country atmosphere as a pleasant alternative to the urban hustle and bustle. Housing 70 unique specialty shops, six restaurants, the 70-room luxury **Golden Plough Inn** and **Giggleberry Fair**, there are a variety of spaces throughout the property that may be used for breakout sessions, private lunch and dinner areas, meetings and hospitality functions. The quiet setting creates a refreshing location for a corporate retreat.

Located in the northern region of the county, **The Bucks County Riverboat Company** boasts a 52’ pontoon boat fully equipped to provide a memorable excursion for up to 60 people. Enjoy food and drinks as you head north to experience one of the most beautiful stretches of the scenic Delaware River.

Large or small, Bucks County can assist in the planning and execution of your meeting or special event.

“Bucks County maintains its signature charm and natural beauty, while offering an affordable alternative to an urban setting for small to mid-size meetings.”
